Villager LSV 2+2

Street legal, environmentally smart

THINK & DRIVE

 Ingersoll Rand

Villager LSV 2+2

Introducing the Villager LSV, the street-legal¹, zero-emission, electric way to get around.

The electric Villager LSV is legal to drive on many city streets with speed limits of 35 mph or less, carries up to four adults and never has to stop for gas. Villager fits your mobile lifestyle and is the financially and environmentally smart way to make those short trips. Villager LSV — for people who Think & Drive.

Vehicle may be shown with additional options

¹ The vehicles referenced herein have been designed and manufactured to comply with the United States National Highway Transportation and Safety Administration's Low Speed Vehicle rules and regulations. The operation of these vehicles is also subject to all applicable state and local laws, the effect of which may be to further limit or prohibit the lawful operation of these vehicles in certain environments. Do not operate these vehicles without a valid and appropriate state-issued driver's license. Club Car supports only the safe and legal use of our products and, therefore, strongly recommends that you inquire with the relevant state and local municipalities before attempting to operate these vehicles on roadways or in closed communities. Do not operate these vehicles in violation of applicable law, contrary to the instructions or recommendations contained in the Owner's Manual or in a manner that impedes traffic. To reduce the risk of injury, always operate these vehicles in a safe and conscientious manner while wearing the seat belts that come as standard safety equipment on all Club Car LSV models.

² All vehicles shown may include additional options/accessories and may not be available on all models. Ask your authorized Club Car dealer representative for a complete listing of accessories and availability.

³ There are no warranties, expressed or implied, contained herein. See Limited Warranty found in the owner's manual or write to Club Car, Inc. The company reserves the right to make design changes without obligation to make these changes on units or systems previously sold.
